

## **DRAFT**

3 February 2024 (DOB, AVA, v2)

# Space Renaissance International Space Law Committee

Amended by Dennis O'Brien (Co-Chair) and A. V. Autino, February 2024

1<sup>st</sup> draft by Dr. Marlène M. Losier (Former Chair), August 2022

### Constitution

The *Space Renaissance International* (“SRI”) Space Law Committee is constituted in the frame of the Space Renaissance Academy Space Development Laboratory.

### Objective

The objective of the *Space Renaissance International* (“SRI”) Space Law Committee is to provide the SRI community with an understanding of existing space law rules and principles to facilitate their beyond-Earth endeavors. In addition, the SRI Space Law Committee was established to assist in the further development of space law and policy, undertaking legal research and discussions at the intergovernmental, non-governmental, academic, and commercial levels to help ensure that space law continues to be a relevant part of international law, including building upon its economic, social and cultural foundations, as humanity ventures further and longer beyond Earth.

### Membership

The SRI Space Law Committee is open to SRI members and non-members.

### Meetings

The SRI Space Law Committee will meet virtually every quarter.

### Collaboration

The SRI Space Law Committee will report to the SRI Board of Directors as it progresses with its objectives. The SRI Space Law Committee will also seek to support the objectives established by the SRI Board of Directors and its other committees. The SRI Space Law Committee will endeavor to collaborate with other law committees at similar organizations. Collaborations might include partnerships with such organizations and representation of the SRI Law Committee at panels/events.
